# NOVEMBER 6, 2025, THURSDAY

## HALL A

### 13:00 - 19:00 Urinary Stone Disease Session

#### 13:00 - 14:30 Session 1: Innovative Approaches and Future Technologies in the Diagnosis and Treatment of Urinary Stone Disease

#### 13:00 - 13:12 Recent Developments in Flexible Ureterscopy : Chip Technology, 4K Imaging and Digital Integration

13:12 - 13:15 Discussion

#### 13:15 - 13:27 Smart Sensor and Wearable Technologies in Stone Disease: What is Available in Practice and What Can Be Done?

13:27 - 13:30 Discussion

#### 13:30 - 13:42 Artificial Intelligence and Urolithiasis: Is It a Revolution in Diagnosis and Treatment?

13:42 - 13:45 Discussion

#### 13:45 - 13:57 Comparative Current State in Laser Technology

13:57 - 14:00 Discussion

#### 14:00 - 14:12 Miniaturization in Flexible Ureterorenoscopes and Is it Sufficient Alone for Success?

14:12 - 14:15 Discussion

#### 14:15 - 14:27 Have Robotic Platforms Created a New Habitat in RIRS?

14:27 - 14:30 Discussion

### 14:30 - 14:50 Coffee Break and Meeting with Industry

#### 14:50 - 16:50 Session 2: Modern Approaches, Complications and Solutions in the Treatment of Urinary Stone Disease *Chairs:*

#### 14:50 - 15:02 Evolving Role of SWL: Repositioning on the Axis of Surgeon's Preferences and Patient's Expectations

15:02 - 15:05 Discussion

#### 15:05 - 15:17 What Have Aspiration based Techniques Changed in Clinical Practice? Current Situation and Projection into Near Future

15:17 - 15:20 Discussion

#### 15:20 - 15:32 Is Negative Pressure a Positive Budget? Cost Analysis of Aspiration Based Techniques

15:32 - 15:35 Discussion

#### 15:35 - 15:47 Combined Techniques for Large and Complicated Stones: To Whom and How?

15:47 - 15:50 Discussion

#### 15:50 - 16:02 Risk Factors of Ureteral Stricture and Treatment Alternatives

16:02 - 16:05 Discussion

#### 16:05 - 16:17 Prevention and Treatment of Infective Complications

16:17 - 16:20 Discussion

16:20 - 16:32	<b>Complications of Percutaneous Nephrolithotomy: Are They a Nightmare for the Surgeon or a Manageable risk?</b>
16:32 - 16:35	Discussion
16:35 - 16:47	<b>I Have Treated Treated the Stone. What is Next?</b>
16:47 - 16:50	Discussion
16:50 - 17:00	<b>Coffee Break and Meeting with Industry</b>
17:00 - 17:45	<b>Satellite Symposium – Devicare - New Molecules in the Treatment of Urinary Stone Disease</b> 
17:00 - 17:20	<b>Old Disease, New Molecules: Changing Understanding in the Medical Therapy of Urolithiasis</b>
17:20 - 17:35	<b>What is Accumulated in the Stent's Memory: Silent Implications of Encrustation and Treatment methods</b>
17:35 - 17:45	Discussion
17:45 - 18:30	<b>Session 3 - Environmental Control in Endourology: Energy, Aspiration and Physiological Balance</b>
17:45 - 17:57	<b>Understanding Intrarenal Dynamics: Contribution of Pressure and Temperature Measurements to Surgery</b>
17:57 - 18:00	Discussion
18:00 - 18:12	<b>From Fragmentation to Pulverization: Role of DISS Technique in Lithotripsy</b>
18:12 - 18:15	Discussion
18:15 - 18:27	<b>Importance of Alignment for Maximum Efficacy with: Tricks of Urethroscope Selection</b>
18:15 - 19:00	<b>Case Discussions</b>
21:00	<b>Karaoke Night</b> 

# NOVEMBER 6, 2025, THURSDAY

## HALL B

Prof.Ali Serdar Gözen Laparoscopic & Robotic Urology Courses: Video Session

**14:00 - 18:00**      **Session for Laparoscopic & Robotic Urology Courses: 5 min Video Presentations**

**14:00 - 14:35**      *Upper Urinary System Session 1*

**14:00 - 14:05**      Laparoscopic Radical Nephrectomy: Surgical Technique

**14:05 - 14:10**      Laparoscopic Partial Nephrectomy: Surgical Technique

**14:10 - 14:15**      Laparoscopic Donor Nephrectomy: Surgical Technique

**14:15 - 14:20**      Laparoscopic Partial Nephrectomy: Surgical Technique for Complex Tumors

**14:20 - 14:25**      Laparoscopic Radical Nephrectomy: Surgical Technique for Complex Tumors

**14:25 - 14:30**      Robotic Partial Nephrectomy: Surgical Technique

**14:30 - 14:35**      Robotic Partial Nephrectomy: Surgical Technique for Complex Tumors

**14:35 - 15:10**      *Upper Urinary Tract Session 2*

**14:35 - 14:40**      Zero Ischemia Laparoscopic /Robotic Partial Nephrectomy

**14:40 - 14:45**      Laparoscopic / Robotic Partial Adrenalectomy

**14:45 - 14:50**      Laparoscopic Adrenalectomy

**14:50 - 14:55**      Laparoscopic Pyeloplasty

**14:55 - 15:00**      Robotic Pyeloplasty

**15:00 - 15:05**      Laparoscopic Kidney Cyst Excision

**15:05 - 15:10**      Robotic Renal Transplantation

**15:10 - 15:30**      Coffee Break and Meeting with Industry

<b>15:30 - 18:00</b>	<b>Lower Urinary Tract / Pelvic Surgery Session</b>
<b>15:30 - 15:35</b>	<b>Laparoscopic Radical Prostatectomy: Surgical Technique</b>
<b>15:35 - 15:40</b>	<b>Continence-Sparing Maneuvers in Robotic Radical Prostatectomy</b>
<b>15:40 - 15:45</b>	<b>Median Lobe: Laparoskopik Radical Prostatektomi</b>
<b>15:45 - 15:50</b>	<b>Robotic Radical Prostatectomy After TURP / Previous Prostate Surgery</b>
<b>15:50 - 15:55</b>	<b>NVB Preservation: Robotic Radical Prostatectomy</b>
<b>15:55 - 16:00</b>	<b>Robotic Adenomectomy</b>
<b>16:00 - 16:20</b>	<b>Laparoscopic / Robotic Radical Prostatectomy: Examples of Difficult Cases</b>
<b>16:20 - 16:25</b>	<b>Extended Pelvic Lymph Node Dissection in Laparoscopic / Robotic Radical Prostatectomy</b>
<b>16:25 - 16:30</b>	<b>EAU CC-ERUS Robotic Radical Prostatectomy Fellow Training Program</b>
<b>16:30 - 16:35</b>	<b>Robotic Ureteral Reimplantation</b>
<b>16:35 - 16:40</b>	<b>NVB-Sparing Robotic Cystectomy</b>
<b>16:40 - 16:45</b>	<b>Intracorporeal Ileal Loop</b>
<b>16:45 - 16:50</b>	<b>Intracorporeal Neobladder: Studer Pouch</b>
<b>16:50 - 16:55</b>	<b>Intracorporeal Neobladder: Balbay Pouch</b>
<b>16:55 - 17:15</b>	<b>Complication Management in Laparoscopic and Robotic Surgeries</b>
<b>17:15 - 17:20</b>	<b>Examples of Fluorescent ICG Use in Laparoscopic / Robotic Urology</b>
<b>17:20 - 17:25</b>	<b>Difficult Pyeloplasty: Technical Resources, Tips and Tricks</b>
<b>17:25 - 18:00</b>	<b>Q&amp;A</b>

# NOVEMBER 6, 2025, THURSDAY

## HALL C

13:00 - 13:05	<b>Step by Step Sacral Neuromodulation Course with Anatomical Applications: Using 3D printed models (Supported by Medtronic)</b>
13:05 - 13:20	<b>Appropriate Patient Selection and Preparation: New Technologies, New Indications, Neurologic Diseases</b>
13:20 - 13:25	Discussion
13:25 - 13:40	<b>Ideal Electrode Placement and Stepwise SNM Surgery</b>
13:40 - 13:45	Discussion
13:45 - 14:05	<b>Place of SNM in the Guidelines and Literature Review</b>
14:05 - 14:10	Discussion
14:10 - 15:10	<b>Hands-on SNM Electrode Placement Stations</b> <b>Station 1:</b> Anatomical Landmarks and Right Needle Insertion (2 Stations- Max. 10 Participants) (20 Min.)  <b>Station 2:</b> Permanent Electrode Placement and SNM Implantation (2 Stations- Max. 10 Participants) (20 Min.)  <b>Station 3:</b> Smart Programming with Programmers (2 Stations- Max. 10 Participants) (20 Min.)
15:10 - 15:30	<b>Q&amp;A and Closing</b>

# NOVEMBER 6, 2025, THURSDAY

## HALL D

<b>14:00 - 16:00</b>	<b>Penile Prosthesis Implantation Course</b>
<b>14:00 - 14:20</b>	<b>Patient Selection and Indications</b>
<b>14:20 - 14:40</b>	<b>Anatomy and Surgical Implications</b>
<b>14:40 - 15:00</b>	<b>Inflatable vs. Malleable Prosthesis: Right Prosthesis for The Right Patient</b>
<b>15:00 - 15:20</b>	<b>Video Presentation- Penile Prosthesis Implantation</b>
<b>15:20 - 15:40</b>	<b>Surgical Techniques and Solution of Problems</b>
<b>15:40 - 16:00</b>	<b>Complicated Cases in Penile Prosthesis Implantation</b>
<b>16:00 - 16:20</b>	<b>Post-Operative Care, Management of Complications, Solution of Mechanical Problems</b>
<b>16:20 - 16:40</b>	<b>Q&amp;A</b>

# NOVEMBER 7, 2025, FRIDAY

## HALL A

08:30 - 09:00 Opening Speeches

09:00 - 09:15 IURES Honorary Speech  
Building A Career: My Experience

**IURES** International Urologic  
Research Society  
Future Together

09:15 - 10:35 Urotechnology Session

09:15 - 09:30 EAU- ERUS Lecture: Lymphadenectomy in prostate Cancer in the Era of PSMA PET-CT

09:30 - 09:35 Discussion

09:35 - 09:50 Innovative Lecture: Robotic Buccal Ureteroplasty with the Use of Kangduo Surgical Robotic System  
((●))

09:50 - 09:55 Discussion

09:55 - 10:10 Developments in Robotic Surgery - Single Port & Da Vinci 5 Robotic Systems

10:10 - 10:15 Discussion

10:15 - 10:30 Low-Pressure Robotic Surgery and Its Role in Current Practice (Supported by CONMED)

10:30 - 10:35 Discussion

10:35 - 11:00 Coffee Break and Meeting with Industry: Living Booth Session -1

11:00 - 13:30 Live Surgery Session  
(Koç University Hospital, Istanbul)

((●))

Robotic Renal Transplantation (Intuitive Da Vinci Xi)

Robotic Radical Prostatectomy (Medtronic Hugo RAS)

Endourologic Lithotripsy

<b>13:30 - 14:45</b>	<b>Urologic Oncology Session - 1</b>
<b>13:30 - 13:45</b>	<b>Surgery in Patients with M + Prostate Cancer</b>
13:45 - 13:50	Discussion
<b>13:50 - 14:05</b>	<b>Salvage Robotic Surgery After Focal Therapy</b>
14:05 - 14:10	Discussion
<b>14:10 - 14:25</b>	<b>Approach to Small Kidney Masses : Partial Nephrectomy or Percutaneous Ablation</b>
14:25 - 14:30	Discussion
<b>14:30 - 14:45</b>	<b>Case Discussions on Kidney Cancer</b>
<b>14:45 - 15:15</b>	<b>Coffee Break and Meeting With Industry: Living Booth Session-2</b>
<b>15:15 - 17:25</b>	<b>Urologic Oncology Session - 2</b>
<b>15:15 - 15:30</b>	<b>Current Developments in Non-Muscle Invasive Bladder Cancer</b>
15:30 - 15:35	Discussion
<b>15:35 - 15:50</b>	<b>Current Developments in Muscle Invasive Bladder Cancer</b>
15:50 - 15:55	Discussion
<b>15:55 - 16:10</b>	<b>RPLND or Chemotherapy for Stage IIA-B Seminomas?</b>
16:10 - 16:15	Discussion
<b>16:15 - 16:30</b>	<b>Genomic Profile and Use of Yof ctDNA in Urologic Cancers</b>
16:30 - 16:35	Discussion
<b>16:35 - 17:25</b>	<b>Urologic Oncology Case Discussions: Prostate &amp; Bladder</b>
<b>20:00</b>	<b>Opening Cocktail</b>

# NOVEMBER 7, 2025, FRIDAY

## HALL B

**09:00 - 12:30**      **Course: Pediatric Urology**

**09:00 - 10:50**      **Session 1: Common Problems in Pediatric Urology**

**09:00 - 09:35**      **Undescended Testicles: Surgical Approaches**

**09:00 - 09:10**      **Inguinal**

**09:10 - 09:20**      **Skrotal**

**09:20 - 09:30**      **Laparoscopic**

**09:30 - 09:35**      **Discussion**

**09:35 - 09:50**      **Adolescent Varicocele: Who to Treat?**

**09:50 - 09:55**      **Discussion**

**09:55 - 10:10**      **Penile Deformities in Children**

**10:10 - 10:15**      **Discussion**

**10:15 - 10:45**      **Which Technique To Use in Hypospadias Surgery**

**10:15 - 10:25**      **Distal**

**10:25 - 10:40**      **Proximal**

**10:40 - 10:50**      **Discussion**

**10:50 - 11:05**      **Coffee Break and Meeting With Industry**

**11:05 - 12:30**      **Session 2: Case Discussions on Pediatric urology**

**11:05 - 11:45**      **Enuretic Child**

**11.45 - 12.30**      **Vesicoureteral Reflux and Urinary Infection in Children**

**13:30 - 16:30**      **Course: Basic Urodynamic Course with practical Information : Supported with Simulator Training**

**13:30 - 13:45**      **Urodynamics Unit: Equipment, Catheters, Calibration, Patient Preparation**

13:45 - 13:50      Discussion

**13:50 - 14:05**      **Basic Urodynamics and ICS Terminology Standards**

14:05 - 14:10      Discussion

**14:10 - 14:25**      **Uroflowmeter, Pressure- Flow Studies: with Clinical Case Examples**

14:25 - 14:30      Discussion

**14:30 - 14:45**      **Urodynamic Investigations in Children**

14:45 - 14:50      Discussion

**14:50 - 15:05**      **Coffee Break and Meeting With Industry**

**15:05 - 15:20**      **Filling Cystometry - Urodynamics in the Etiology of LUTS and Patients with Neuropathic LUTS**

15:20 - 15:25      Discussion

**15:25 - 15:40**      **Clinical Examples and Urodynamic Investigations with Tracers**

15:40 - 15:45      Discussion

**15:45 - 16:15**      **Practical Session: Urodynamic Investigations on the Simulator**

**16:30 - 18:30**      **Oral Presentations Session - 1**

# NOVEMBER 7, 2025, FRIDAY

## HALL C

**14:00 - 16:00**      **Course: Laser Prostate Enucleation from Indication to Complication**

**14:00 - 14:15**      **Who, When, Which Surgical Technique?**

14:15 - 14:20      Discussion

**14:20 - 14:35**      **I am a Beginner, What Should I Know?**

14:35 - 14:40      Discussion

**14:40 - 14:55**      **Lasers: Which One, When, Why to Choose?**

14:55 - 15:00      Discussion

**15:00 - 15:15**      **Which Technique and to Whom?**

15:15 - 15:20      Discussion

**15:20 - 15:35**      **Voiding Function and Dysuria after HoLEP : Is it Permanent? Does Peripheral Zone Ablation Have an Impact?**

15:35 - 15:40      Discussion

**15:40 - 15:55**      **Strategies to Avoid Complications**

15:55 - 16:00      Discussion

**16:00 - 16:15**      **Coffee Break and Meeting With Industry**

**16:15 - 19:10**      **Course: Urethral Surgery in All Aspects**

**16:15 - 17:20**      **Session 1 : Surgical Techniques for Urethral Stricture**

**16:15 - 16:25**      **Treatment Algorithm for Anterior Urethral Stricture**

**16:25 - 16:35**      **Treatment Algorithm for Posterior Urethral Stricture**

**16:35 - 16:45**      **Pelvic Fracture Urethral Injuries**

**16:45 - 16:55**      **Bladder Neck Stenosis after BPH Surgery and Vesicourethral Anastomosis Stenosis**

**16:55 - 17:05**      **Use of Grafts and Flaps in Urethral Reconstruction**

**17:05 - 17:10**      **Impact of Different Surgical Interventions for Urethral Stricture on Sexual and Urinary Outcomes**

**17:10 - 17:20**      **How to Recognize and Manage Recurrent Stricture after Urethroplasty**

**17:20 - 18:20      Session 2: Surgical Videos Session****17:20 - 17:28      Bulbar Excision and Primary Anastomosis****17:28 - 17:36      Bulbar Dorsal Graft****17:36 - 17:44      Bulbar Ventral Graft****17:44 - 17:52      Posterior Urethroplasty****17:52 - 18:00      Female Urethroplasty****18:00 - 18:10      Efficacy and Safety of Drug Coated Urethral Balloon Dilatation****18:10 - 18:20      What do Regenerative Therapies Promise in Urethral Stricture? (Stem Cells, Exosomes, PRP)****18:20 - 19:10      Session 3: Urinary Incontinence after Prostate Surgery****18:20 - 18:30      Causes of Urinary Incontinence after rHolep/ThuLeP and Surgical Tips****18:30 - 18:40      Male Sling and Bulking Agents****18:40 - 18:50      Stepwise Artificial Urinary Sphincter Implantation****18:50 - 19:10      Case Discussion**

NOVEMBER 7, 2025, FRIDAY

STAND AREA

Hands-On Training Courses: Laparoscopic & Robotic Urology Courses Practices: Laparoscopic Partial Nephrectomy on 3D Models Course	
09:30 - 12:00	Group-1 7 Training Box (7 Persons)
14:00 - 16:30	Group-2 7 Training Box (7 Persons)
Hands-On Training Courses: Laparoscopic & Robotic Urology Courses Practices: Laparoscopic Prostatectomy on 3D Models Course	
09:30 - 12:00	Group-1 3 Training Box (3 Persons)
14:00 - 16:30	Group-1 3 Training Box (3 Persons)
Hands-On Training Courses: Laparoscopic & Robotic Urology Courses Practices: Robotic Partial Nephrectomy on 3D Models Course	
09:30 - 12:00	(2 Persons)
Hands-On Training Courses: Laparoscopic & Robotic Urology Courses Practices: Robotic Prostatectomy on 3D Models Course	
14:00 - 16:30	(2 Persons)
Hands-On Training Courses: Penile Prosthesis Implantation Course	
10:00 - 12:30	Group 1 - Training on 3D Models
14:00 - 16:30	Group 2 - Training on 3D Models

# NOVEMBER 8, 2025, SATURDAY

## HALL A

**08:00 - 09:00**      **Course: Tips and Tricks for Writing an Article**

**08:00 - 08:15**      **How Do I Perform a Study from Planning to Writing?**

**08:15 - 08:30**      **Optimal Presentations of Material and Methods, Results and Tables in a Scientific Article**

**08:30 - 08:45**      **How to Write the Discussion Section?**

**08:45 - 09:00**      **Tips from the Editor**

**09:00 - 11:35**      **IURES Functional Urology Session**

**09:00 - 09:25**      **I Choose from the Menu for the Treatment of Overactive Bladder, Are the Anticholinergics Becoming Outdated?**

10 Min: Yes, They Are!

10 Min: No, They Are Not!

**09:25 - 09:30**      Discussion

**09:30 - 09:50**      **HOLEP Case Stories: How is My Approach for Incontinence after Surgery?**

10 Min: Medical Therapy

10 Min: Surgery

**09:50 - 09:55**      Discussion

**09:55 - 10:20**      **State of Art Lecture: Last Resort for Stress Incontinence in Women: Artificial Urinary Sphincter or Autologous Facial Sling?**

**10:15 - 10:20**      Discussion

**10:20 - 10:50**      **Future of robotic Surgery in Reconstructive Robotic Urology: What Does The Literature Tell Us with Videos?**

10 min: Robotic Sacrocolpopexy

10 min: Robotic Upper Urinary Tract Surgery: Pyeloplasty and Urethral Reimplantation

10 min: Robotic Ileal Conduit

**10:50 - 10:55**      Discussion

**10:55 - 11:25**      **Role of Neuromodulation in Voiding Dysfunction: Treatment of Choice...**

10 min: Sacral Neuromodulation

10 min: Pyeloplasty

10 min: Robotic Ileal Conduit

**11:25 - 11:35**      Discussion

**11:35 - 11:50**      **Coffee Break and Meeting With Industry: Living Booth Session- 3**

**11:50 -13:30**      **Live Surgery Session**

**3 Port Laparoscopic Radical Prostatectomy**

**Penile Prosthesis Implantation**

**Robotic Radical Prostatectomy (Microport Tomai)**

**13:30 - 14:55**      **International Prostat Forum (IPF)**  
Session 1

**13:30 - 13:40**      **IPF History**

**13:40 - 13:52**      **Large epidemiological survey 2024 for LUTS in Japan**

13:52 - 13:55      Discussion

**13:55 - 14:07**      **BPH: Insights from Urologic Diseases in America Project**

14:07 - 14:10      Discussion

**14:10 - 14:22**      **Minimally Invasive Therapies for the Treatment of BPH Today and Right Patient Selection**

14:22 - 14:25      Discussion

**14:25 - 14:37**      **Complications after Transrectal and Transperineal Prostate Biopsy:  
Results of Randomized ProBE-PC Clinical Trial**

14:37 - 14:40      Discussion

**14:40 - 14:52**      **Approach to a 55-Year Old Male Patient with Biochemical Relapse after Local Treatment:  
Classification of Low and High Risk patients, Markers and Approach**

14:52 - 14:55      Discussion

**14:55 - 15:10**      **Coffee Break and Meeting With Industry: Living Booth Session- 4**

**15:10 - 16:25**      **Session 2**

**15:10 - 15:25**      **Approach to Persistent PSA after Radical Prostatectomy**

**15:25 - 15:40**      **AUA Lecture: Active Surveillance - A focus on GG2 Eligibility and Monitoring**

**15:40 - 15:55**      **SIU Lecture: Focal Therapy for Localized Prostate Cancer: The Good, The Bad and The Ugly**

**15:55 - 16:10**      **BJUI Lecture: Novel Diagnostic Tests for Prostate Cancer**

**16:10 - 16:25**      **Pre-operative Planning in Robotic Prostatectomy**

**16:25 - 16:45**      **Coffee Break and Meeting With Industry: Living Booth Session - 5**

<b>16:45 - 19:00</b>	<b>Andrology and Sexual Health Session</b>
<b>16:45 - 17:00</b>	<b>Testosterone Replacement Therapy in All Aspects</b>
<b>17:00 - 17:15</b>	<b>Sexual Dysfunction in Chronic Prostatitis</b>
17:15 - 17:20	Discussion
<b>17:20 - 17:35</b>	<b>Current Approach to Azoospermia</b>
17:35 - 17:40	Discussion
<b>17:40 - 17:55</b>	<b>Current Developments in the Medical Treatment of Erectile Dysfunction</b>
17:55 - 18:00	Discussion
<b>18:00 - 18:15</b>	<b>Role of ESWT, Stem Cells, Exosomes, PRP Like Approaches in ED Treatment</b>
18:15 - 18:20	Discussion
<b>18:20 - 18:35</b>	<b>Efficacy of Non-Oral Treatments for Premature Ejaculation</b>
18:35 - 18:40	Discussion
<b>18:40 - 18:55</b>	<b>Management of Challenging Cases of Penile Implantation</b>
18:55 - 19:00	Discussion
<b>20:30</b>	<b>Talk </b>
<b>21:30</b>	<b>Concert </b>

# NOVEMBER 8, 2025, SATURDAY

## HALL B

**08:00 - 09:30**      **Basic Artificial Intelligence for New Beginners in Urology Course**

**08:00 - 08:15**      **Introduction to Artificial Intelligence: Areas of Use in Medicine and Its Future**

08:15 - 08:20      Discussion

**08:20 - 08:35**      **Artificial Intelligence Practices in Prostate Cancer: From Diagnosis to Treatment**

08:35 - 08:40      Discussion

**08:40 - 08:55**      **Artificial Intelligence in Robotic Urological Surgery: Autonomous Systems of the Future**

**08:55 - 09:10**      **Artificial Intelligence and Ethics in Medicine: Liability, Transparency and Patient Privacy**

09:10 - 09:15      Discussion

**09:15 - 09:30**      **Panel and Q&A**

**09:30 - 11:10**      **Course: Cosmetic Andrology and Sexual Health**

**09:30 - 09:45**      **Psychological Evaluation before Penile Cosmetic Surgeries**

09:45 - 09:50      Discussion

**09:50 - 10:05**      **Comparison of Penile Lengthening Techniques**

10:05 - 10:10      Discussion

**10:10 - 10:25**      **Assessment of the Materials used in Penile Esthetic Surgery**

10:25 - 10:30      Discussion

**10:30 - 10:45**      **Minimally Invasive Interventions in the Treatment of Premature Ejaculation**

10:45 - 10:50      Discussion

**10:50 - 11:05**      **Genital Esthetic Procedures in Women**

11:05 - 11:10      Discussion

# NOVEMBER 8, 2025, SATURDAY

## HALL C

**13:30 - 16:30** **International Societies and Collaborations Joint Meeting**  
(Balkan Association of Urology, Egyptian Urology Society, EYOUSORT - European Youth School of Robotic Technology)

### Section 1:

**13:30 - 13:35** **Opening**  
**13:35 - 13:50** **The Contribution of Personalized Video Feedback to Robotic Partial Nephrectomy Training in Realistic 3D Tumor Kidney Models: Design, Production and Implementation**  
 13:50 - 13:55 Discussion  
**13:55 - 14:10** **Tips and Tricks to Achieving Better Continence Post Radical Prostatectomy**  
 14:10 - 14:15 Discussion  
**14:15 - 14:30** **Laparoscopic Radical Nephrectomy No Limits!**  
 14:30 - 14:35 Discussion  
**14:35 - 14:50** **TBD**  
 14:50 - 14:55 Discussion

**14:55 - 15:10** **Coffee Break and Meeting with Industry**

### Section 2:

**15:10 - 15:25** **The Evolution of AUS Surgery in the Balkan Region: Building Expertise and Advancing Techniques**  
 15:25 - 15:30 Discussion  
**15:30 - 15:45** **FURS and Laser Evolution: Making the Right Choice in 2025**  
 15:45 - 15:50 Discussion  
**15:50 - 16:05** **Redo urethroplasties tips and tricks**  
 16:05 - 16:10 Discussion  
**16:10 - 16:25** **Advances in Laparoscopic Living Donor Nephrectomy: Optimizing Donor Safety and Graft Quality**  
**EYOUSORT Lecture (ERASMUS Project Vision):**  
 3D Technologies in Robotic Surgery: 3D Modelling and 3D Medical Printing  
 16:25 - 16:30 Discussion

**16:30** **Closing**

NOVEMBER 8, 2025, SATURDAY

STAND AREA

Laparoscopic Partial Nephrectomy on 3D Models Course	
09:30 - 12:00	Group-1 7 Training Box (7 Persons)
14:00 - 16:30	Group-2 7 Training Box (7 Persons)
Laparoscopic Prostatectomy on 3D Models Course	
09:30 - 12:00	Group-1 3 Training Box (3 Persons)
14:00 - 16:30	Group-2 3 Training Box (3 Persons)
Robotic Partial Nephrectomy on 3D Models Course	
09:30 - 12:00	(2 Persons)
Robotic Prostatectomy on 3D Models Course	
14:00 - 16:30	(2 Persons)
Penile Prosthesis Implantation Course	
10:00 - 12:30	Group 1: Training on 3D Models
14:00 - 16:30	Group 2: Training on 3D Models

NOVEMBER 9, 2025, SUNDAY

HALL A

08:00 - 09:00	Course: Basic Operation of Urology - Laparoscopic Nephrectomy
08:00 - 08:15	Laparoscopic Instruments and Pneumoperitoneum
08:15 - 08:20	Discussion
08:20 - 08:35	Steps of Transabdominal Laparoscopic Nephrectomy
08:35 - 08:40	Discussion
08:40 - 08:55	Tips
08:50 - 09:00	Discussion
09:00 - 10:15	Faculty Roasting - Urological Oncology Cases
10:15 - 10:30	Coffee Break and Meeting With Industry
10:30 - 11:45	Non-Urological Oncology Cases
12:00	Closing

# NOVEMBER 9, 2025, SUNDAY

## HALL B

09:00 - 11:00	<b>Course: Prostate Fusion Biopsy and Focal Therapy</b>
09:00 - 09:15	<b>Targeted Transperineal or Transrectal Prostate Biopsy: Comparison in All Aspects</b>
09:15 - 09:20	Discussion
09:20 - 09:35	<b>In Targeted Biopsy;</b> Additional Perilesional Biopsy is Sufficient Systematic Biopsy is Required
09:35 - 09:40	<i>Discussion</i>
09:40 - 09:55	<b>How Do I Do Targeted Transperineal Prostate Biopsy?</b>
09:55 - 10:00	Discussion
10:00 - 10:12	<b>Evaluation of Multi-Parametric prostate MRI scan From the Perspective of Focal Therapy</b>
10:12 - 10:15	Discussion
10:15 - 10:27	<b>Changing Trends and Future of the Diagnosis and Treatment of Localized Prostate Cancer</b>
10:27 - 10:30	Discussion
10:30 - 10:42	<b>Is Focal Therapy Ready to become the First-Line in Appropriate Indications?</b>
10:42 - 10:45	Discussion
10:45 - 10:57	<b>Success and Failure in Focal Therapies with Real Cases</b>
10:57 - 11:00	Discussion

NOVEMBER 9, 2025, SUNDAY  
HALL C

11:00 - 12:00

Video Presentation Session
